

A MESSAGE FROM TIM

This Sunday, we will once again feature the Choristers in recognition of Mother's Day! I'm very proud of these young children and they sound better and better with each rehearsal! And, in honor of Ascension Day, the Choir of St. Gregory's will sing "*Christ, Whose Glory fills the Skies*" by T. Frederick H. Candlyn (1892-1964), an English-born organist and composer who, after several appointments in England and New York, became Director of Music and Organist at St. Thomas Fifth Ave, New York City's more prominent Episcopal Church noted for its rich English tradition. His anthem compositions have become staples in the Anglican Church choral repertoire and Sunday's anthem is one of his most performed.

Many thanks to Susan Dodd who played the organ this past Sunday for the 10 am service and to Lori Snow for playing her flute for the 8 am service while I was visiting my parents in Kentucky.

On May 26 we will have our final Evensong of the season and if you were at the Rededication, you now understand a bit more about Evensong and what to expect! One of the most beautiful of all the Episcopal services, Evensong will transport you to lofty heights of spiritual and musical bliss with music from some of the most notable composers throughout history, past and present. Plan now to invite your family and friends to this extraordinary service, May 26, 6 pm.

I'll see you Sunday!

Blessings,

Tim
